

PAB Coventry Ltd Company Quality Policy

It is company policy, established by the company's Managing Director, to maintain an effectively managed and documented Quality Management System that complies with the requirements of ISO/TS16949.

The Managing Director commits to the provision of resources, training and continuous improvement activities to enable the company to strive to exceed expectations and secure our customers' success. Quality objectives shall be to reduce customer complaints, in-house non conformance, quality costs and PPM. These activities shall be measurable through the company's Management Review Procedures.

The Managing Director charges the company management with communicating and driving this policy throughout the organisation.
